The 1st Tuesday of every month is “Club Day” where members wear Club colors - black and white. Members with birthdays in that month are recognized.

### Social Events

On occasion, Tuesdays throughout the year are reserved for club socials and holiday celebrations with holiday-themed music. On those Tuesdays, there is no Challenge Dance and a special schedule is announced through e-mail.

# GVR Line Dancers Club

*all members are welcome to participate in all activities*

## Club Dance

Club Dances are held Mondays, Tuesdays, Fridays and Saturdays. An email with the dance list for the day goes out through the GVR Line Dancers Google Group two days before the dance, so that members can practice ahead of Club Dance, if they would like to.

Club Dances are led by volunteers who introduce each dance, demonstrate the first eight steps with a call or a count, remind dancers of tags and restarts, then count the dance in. Dancers who know a particular dance well dance along the back or between rows on the side, as an aid to anyone who may become a little lost in a dance. Leaders and edge helpers indicate tags and restarts by raising their hands a few beats before a tag or restart.

Each month, the entire club learns a new dance during the second half of two or more consecutive Club Dances. When a new dance is learned, the oldest one is retired, which allows the Club to maintain a 52 dance repertoire.

## Workshop

Workshops are given Tuesdays, Fridays, and Saturdays. Generally, workshops include a teach on one to three dances, with multiple calls and counts of each group of steps, and a chance to dance the dance to original music and the alternative music if any will be used that day. Workshop dances are selected from the list of dances to be included in the Club Dance that follows workshop.

A notice of the dances that will be part of workshop are sent in a Google Group email two days before the workshop. Reviewing the video and/or looking over the stepsheet prior to attending workshop will add value to the time spent at the workshop. Most dances are not learned completely in one or two workshops. Staying for the Club Dance that follows Workshop is a great way to reinforce the learning that happens in the workshop.

## New Moves Dance

New Moves takes place on Monday and features new beginner or improver level dances that are not currently part of the Club's dance rotation. Club members are welcome at any time. Dances are taught fairly quickly, and then danced during New Moves. Each week, a participant in New Moves teaches a new dance. During the hour, the group usually learns/dances about four Beginner or Improver level dances. See the Members – New Moves section of the website for more information.

## Challenge Dance

Challenge Dances take place after Club Dances on Tuesdays and Saturdays. All Club members are welcome to participate in Challenge Dance. Dances are taught fairly quickly and are at an intermediate level. The group maintains a repertoire of nine dances, which are not a part of the Club Dance rotation. Each month, a participant in Challenge Dance teaches a new dance. For a complete list of dances and access to stepsheets and demo/teaches of the current dances, visit the Members – Challenge Dances section of the website.
